MASSEY-HARRIS

The Premier Heavy Crop Binder

Almost any Binder will handle a light crop of
grain; but it takes a good one to handle a heavy
tangled crop.

The Massey-Harris will do this where others fail. A reel
that can be adjusted to seventy positions, low placed guards,
great elevating capacity and ample deck room are features
which give the Massey-Harris first place in handling heavy
crops. You can't go wrong in buying a Massey-Harris.

Will be unloading a Car of Binder Twice soon

Earthquake In Japan

500,000 Casualties; 300,000
Houses Burned

GREATEST CALAMITY IN HISTORY

San Francisco, Sept. 1.—Casualties from the earthquake and fire total 500,000 and 300,000 houses have been burned. It is estimated by the metropolitan police of Tokyo, according to a courier from Yamao who reported today at Toronto to the Radio Corporation of America. The report received in San Francisco this morning said the Imperial Palace was being guarded by a regiment of infantry, a battalion of engineers and the imperial household. Every report received from Japan throughout the day either confirmed or increased previous estimates of the havoc wrought in death and destruction by the quaking catastrophe which has befallen the central section of Honshu, the largest of the islands of the empire. Beginning at noon yesterday with a series of earthquakes which reached most of the city of Tokyo (3,500,000 population) and large sections of Yokohama and other cities in that vicinity, the disaster was continued by fires which broke out in scores of places. Tidal waves followed, engulfing and washing into the sea hundreds of buildings. Then came a typhoon, adding a final and tragic touch to what is probably the greatest calamity of modern times. Estimates from various sources had placed the casualties as high as 500,000 dead in Tokyo alone. One of these came from the Japanese minister of marine by the way of Osaka. Other reports told of heavy casualties both on land and sea, a composite of reports from the quiet Tokyo and Yokohama and other wide areas of mortar, bricks and stone where once stood some of the stately structures in the empire. Dead and dying are on every hand. Survivors who can grasp their way through the fire and smoke and rubble are leaving the city. Those who will live are threatened with starvation.

Farewell to
Mr and Mrs R. H. Thomson

Odellwells and Rebekahs Entertain

The Odellwells and Rebekahs met in the lodge rooms Friday evening in order to do honor to two of their members, Mr and Mrs R. H. Thomson, who are about to take their departure. There was a very fine attendance of members and the evening took the form of a whist drive and musical program. After lunch Chester Young, N. G., called the meeting to order and asked Mrs Thomson and L. I. Simpson to present handsome gifts to Mrs Thomson a piece of silverware, to Mr Thomson an Odellwells' stick pin—as a mark of the esteem in which they are held by the members. Mr Thomson made a suitable reply, stating that he and his family would never forget the happy days they had spent and the many friends they had met during the time they had lived in Ponoka and the evening took the form of a whist drive and musical program. After lunch Chester Young, N. G., called the meeting to order and asked Mrs Thomson and L. I. Simpson to present handsome gifts to Mrs Thomson a piece of silverware, to Mr Thomson an Odellwells' stick pin—as a mark of the esteem in which they are held by the members. Mr Thomson made a suitable reply, stating that he and his family would never forget the happy days they had spent and the many friends they had met during the time they had lived in Ponoka and the evening took the form of a whist drive and musical program.

A feature was the beautiful decorations in the lodge rooms, which included cut flowers and the Rebekah colors.

Mr and Mrs Thomson left on Monday for their new home at Grimshaw, Peace River where Mr Thomson is going into business. They leave town, followed by the best wishes of their many friends.

Quebec, Aug. 31.—What is claimed to be a world's record for loading cattle aboard a steamer was established here Thursday when 292 head of cattle were loaded aboard the Canadian steamer Canadiana Victor in 25 minutes.

The cattle, which arrived here the night before last, walked up the gangway at the rate of more than a minute. The shipments make more than 600 steers that have been exported from Quebec this week.

Ottawa, Ont. Aug. 31.—A grant of \$50,000 to the Salvation Army in aid of its Canadian reconstruction work in Great Britain has been authorized by cabinet.

A similar grant of \$50,000 was made last year. The increased grant this year is in recognition of the further work of the army, especially in connection with the empire settlement scheme.

Act Of War Carried Out By Italians

GREEK TOWN BOMBARDED

Corfu, Island of Corfu, Aug. 31.—Corfu was occupied by the Italians this afternoon after a short bombardment in which at least 15 Greek civilians were killed and many wounded. The demand for the surrender of Corfu was given at two o'clock this afternoon and firing began at five o'clock. The school was demolished and the old fort fell upon it. In the fort there were many casualties among the refugees. Rome, Aug. 31. The commander-in-chief of the Italian fleet in a report to the minister of marine tonight announced the landing of Italian naval forces on the island of Corfu. The landing was effected without difficulty. The report was at six o'clock this evening the Italian flag was flown from the old fort. A salute of 21 guns was fired amid the cheering of the Italian crews, and that the occupation of the town and the island was proceeding without disaster.

have returned to town after a
month's sojourn at Gull Lake.

Mrs J. A. Farrell and family
visited Edmonton for a few days
this week.

Geo. Brady and sister Mrs D.
O'Donnell, of Edmonton, were
week-end visitors in town.

Mr and Mrs J. G. LaFrance
motored to Acme on Saturday.

Geo. Beal has rented the Mil-
burn residence.

Mrs Beronck and family have
moved into their fine new home in
the south end of town.

B. E. Pendleton is having a re-
sidence erected on his farm in the
Seaside district.

Mrs M. E. Hall and daughter,
Mrs Jack Crichton, have been
visiting with relatives at Edburg.

Miss Etta O'Brien left for Lloyd-
minster on Friday, where she will
resume her teaching duties in the
public school.

J. H. Galbraith, of Pincher
Creek, is spending his vacation
with relatives in town.

Mrs and Mr. Cliff, Malcolm, of
Calgary, spent a few days in town
last week.

Mrs Pacey has gone on a visit to
her daughter in Colorado. She
may be away for the winter.

Mrs T. J. West accompanied her
daughter, Mrs Carl Beck, who left
last week for her home at Ludo-
land.

Frank W. Boyd has purchased
the Dick Thomson residence in
the north end of town.

J. C. Bell, weed inspector, is
right on the job having the town
cleared up. He has been warning
parties to have their properties
cleared up, and this fall, the
magistrate will have something to
say.

E. T. Cooper has finished the
spruening work on St. Mary's
church, and now John Haggin is
welding the paint brush. The
additions and alterations to the
building are very extensive, and
the congregation is to be con-
gratulated on the fact that the
church will be opened free of debt.

A. M. Matheson, M.L.A., was in
town Wednesday.

J. A. Farrell has rented the livery
barn on Chipman Avenue.

J. R. Sansom, of the Bank of
Commerce staff, Vilna, has been
spending a few days in town.

John R. Jones, of Wood River,
cut eleven acres of standing oats,
which took 114 balls of twine. That
is over five lbs. to the acre. Some
crop.

Rev A. A. Adams, of Edmon-
ton, spent a week at Alex and
Rutherford, conducting services at
Rutherford and Nebraska on Sun-
day last, returning to the city on
Monday.

We regret to have to report that
our old friend, John Jenkins, is in
very poor health, and confined to
his bed.

Miss Annie D. Gray, who has
been on the nursing staff of the
hospital for the past two years, was
the recipient of a set of cutlery

number of the staff.

The Women's Institute will meet
at the home of Mrs D. K. Ryan
on Wednesday, Sept. 12, at 3 p.m.

The wild fruit season is almost
over. With the exception of rasp-
berries, there has been a good aver-
age crop.

The pipe from the water tank
to the town hall, down through
Chipman Avenue, has been laid,
and now congratulations are in
order to all who had a hand in the
exasperating work.

The Union and Baptist church
Sunday schools held their annual
picnic on the fair grounds Monday
on Wednesday, Sept. 12, at 3 p.m.

With the opening of school, the
families who had been spending
the holidays in the country have
all returned, and now the town is
back to normal, practically all
homes being occupied.

Several Ponoka fairs journeyed
to Red Deer on the 29th, and wit-
nessed the ball games between Red
Deer and the Edmonton Stickies
in the intermediate semi final. In
two sensational games Red Deer
won out.

Mrs Lux's postponed auction
sale will be held near the town hall
on Saturday, Sept. 15th, at 2 p.m.

With this enormous crop to
harvest, the farmer is having his
troubles. Something breaks, and
off to town for repairs; the crop is
so heavy and the amount of straw,
is almost impossible to get the
binder to cut; again, a great deal
of the grain is so badly lodged
that it will never be harvested. It
looks as if the farmer will earn
every cent he will get for this year's
crop.

Good meals, clean comfortable
rooms, and good service can be had
at the Alberta Hotel, under new
management.

Mrs Jas. B. BEATTIE, Prop.

Greece Will Accede To But Three Demands Made By Italians

Athens.—The Greek Government has replied to the Italian ultimatum regarding the Italian boundary in the Albanian frontier. Three demands of Italy's demands with modifications, and rejects three of them.

The commandant of the place where the murders were committed. It is questioned, shall express the Greek Government's answer to Steno Monaghan, the Italian Minister to Greece. A funeral service shall be held in the presence of the Greek Government. On the same day a detachment of the guard shall salute the Italian flag at the legation, and military forces at Treviso shall render salute to the bodies of the Greek war dead while they are being transferred to an Italian warship.

FOREST FIRES IN ONTARIO MAY DEplete TIMBER IN A FEW YEARS

Port Arthur.—Forest fires in Ontario during the past season have destroyed five to ten times the amount of timber put to use by all the mills in the province. The damage to the forests is estimated at \$10,000,000.

Mr. Black, states he had the report of one company that lost 500,000 cords of pulpwood, due directly to forest fires. He says that the loss of timber in the province will be equal to what is now being used in the province.

No Manitoba Wheat Pool This Season

Will Proceed at Once to Organize Pool to Handle Crop Next Year.

Winnipeg.—The general organization committee of the United Farmers of Manitoba decided that it was not practicable to organize a wheat pool to handle this year's crop in Manitoba, but will proceed at once to organize a wheat pool to be ready in time to handle the crop of 1924.

A lengthy resolution adopted by the committee. It was stated that since the plan now being proposed in the United Farmers of Manitoba, it became necessary that Manitoba hold a similar conference, and the working out of the local machinery would require several weeks to complete.

Reparations Solution Appears No Nearer To-day Than A Year Ago

London.—The latest reparations solution considered by British Government officials, to whom it was addressed, is no nearer a solution of the reparations problem than it was a year ago.

While appreciating the general language and the marked ability of the document, British Foreign Office officials were disappointed to find that it contained no new proposals for the settlement of the reparations problem.

The fourth, fifth and sixth demands are rejected on the ground that they infringe the sovereignty and honor of Greece.

The fourth demand provides for the second inquiry by a Greek tribunal at the scene of the massacre, at which the Italian military representatives are to be present. The fifth demand entails punishment for the military while the sixth demand seeks indemnity of fifty million francs, to be paid within five days from the presentation of the note.

Graduate Nurse Finds "The Perfect Remedy"

"From my long experience as a professional nurse, I do not hesitate to say that the 'perfect remedy' is the one I have just mentioned, given to me by my publication, recently, by Mrs. A. B. Jordan, 425 Ponderosa Ave., Seattle, Wash., a graduate of the National Temperance Hospital, Chicago."

"I have used Tanlac extensively for seven years in the treatment of my family patients," said Mrs. Jordan, "and my experience has been that for keeping the stomach, liver, kidneys and bowels functioning properly, and for toning up the system in general, it has no equal."

Newspaper Production

Figures Show Remarkable Growth of the Industry

Newspaper production in Canada during the first six months of 1923 reached a total hitherto unapproached for any similar period. The total of June, Canadian newspaper mill manufactured 43,692 tons, which represents a daily average production of 2,572 tons, or about 470 tons more than the daily average production throughout the whole of 1922.

Exports during the period under review totaled 55,745 tons, distributed as follows: United States, 25,137; Australia, 5,162; New Zealand, 6,092; South America, 221; South Africa, 1,377; and all others, 570.

Canada now has more than 1,000 for farms.

Americans in Canada

Twelve Per Cent. of Our Population Said to Be From U.S.

Few people would credit the extent to which the American people have come to permeate the Canadian Dominion, especially the Western Provinces, in recent years. In the 1871, when the first census of the United States was taken, Canada was found to have a population of 3,853,742, and of these 21,622 recorded their birthplace as the United States. This was equivalent to not quite seven-tenths of 1 per cent of the total population. At the time of the 1901 census there were 17,995 citizens of American birth in Canada.

That of 1911 there were 50,520, representing 41 per cent. of the total population of the Dominion. From 1911 to 1921 a total of 74,118 citizens of the United States entered Canada, so that at the present time there are well over 100,000 people in Canada who have been citizens of the United States, or something like 12 per cent of the total Dominion population.

An Outsider's View Of Canada

Limitless Resources Which Have Scarcely Been Touched

In a recent article giving a forecast of the Dominion of the American continent, Dr. Frank Crane has this to say of Canada. "Few of us realize the enormous strides which Canada has made within the space of one or two generations. Not so long ago it was generally considered a wide waste with an impenetrable forest and an unpopulated interior. Today, having sprung as it overnight, it is traversed from the Atlantic to the Pacific by a network of railways."

"Where once roamed herds of buffalo and whose savage Indians gained a precarious living by hunting and fishing there are now innumerable farms, great herds of cattle and sheep and manufacturing enterprises of all kinds."

"Going west from Winnipeg, when you pass the town of Fleming you enter the great wheat-growing province of Saskatchewan, a sample of the all-per cent of the wheat of the Dominion."

"The vast stretches of country between Winnipeg and Calgary is a mammoth agricultural area, suitable in itself to the field of a vast country. The three prairie provinces of Manitoba, Saskatchewan and Alberta contain a total area of 460,000 square miles."

"Of these, only about 10 per cent of the land is under cultivation, with only about a million or two square miles of land under cultivation."

Natural Resources Bulk Largely In Our Export Trade

The Natural Resources Intelligence Service of the Department of the Interior at Ottawa, says:

"The extent to which Canada's natural resources enter into her export trade is shown by the figures for the year ending March 31 last. Agriculture, the backbone of our export trade, as represented by agricultural and vegetable products, amounted to \$407,250,000, or 23.5 per cent of the total, while mineral products amounted to \$110,225,000, or 11.6 per cent. The forest, with its products of lumber and paper, supplied a value of \$228,750,000, or 13.5 per cent, and the total, while mineral products, amounted to \$110,225,000, or 11.6 per cent."

Increase In Trade Exports From Vancouver

Imports Shown to be Considerably on the Increase

There was an increase of 10 million dollars in the total trade of Canada during the four months of the current year, compared with the same period of the previous year, according to figures recently made public by the Department of Customs and Excise. For the month of July alone the increase over the previous July was 24 millions.

The increase in the trade for the four months was pretty well divided between imports and exports, but the increase in exports was about 10 million dollars greater than that in imports.

The total trade for the four months of the current year was \$1,250,000,000, as compared with \$1,150,000,000 for the corresponding period of last year. The imports for the four months of the current year were 214 millions as compared with 226 millions; while the domestic exports for the current year were 50 millions as against 214 millions in 1922.

At present the Canadian people have \$1,857,000,000 invested in Dominion of Canada bonds. Their demand deposits in the chartered banks of Canada total \$27,340,000. Their notice deposits (savings) total \$1,227,252,311. Canada's International trade is the greatest in the world, and the national revenue is the highest in the history of the country.

Protection of migratory birds has been added to the duties of the Canadian Pacific Railway's conductors.

Airplane attached to the Ontario Forestry Department are now equipped with radio and are available so that they can be in constant touch with the chief and other rangers.

There was an increase of six-tenths per cent in the number of immigrants to Canada during the last three months as compared with the corresponding period of last year.

Canadian Pacific agents in Britain recruited nearly five thousand men for work in the harvest fields of Western Canada and, through lack of steamship accommodations, closed their doors on as many more who, attracted by the special harvest rate, sought to enter Canada.

The branch lines program of the Canadian Pacific Railway carried out this year will bring its operation in the prairie a large step ahead of the year 1914. Of the 35 miles of line under construction, 24 miles will be ready for handling grain in the fall and of the balance, 11 miles will be ready for steel by the winter freeze-up.

A building has been acquired by the University of Toronto to be entirely devoted to the manufacture of insulin. This will be the only factory in Canada to manufacture the curative fluid in commercial quantities and, although it is manufactured in the United States, Great Britain and Denmark, the Canadian product will be sold throughout the world.

Dawson City recently celebrated the twenty-seventh anniversary of the discovery of the Klondike. In an exhibition of Yukon products as big as a man's head, pumpkins as big as watermelons, wheat, oats and barley were witnesses to the fertility of the Yukon soil. By the side with these ranged gold nuggets, gold dust and silver bars.

Dr. James Innes, Commissioner of Police, Detroit, and a guest at the Canadian Pacific Bungalow Camp at Nipigon, holds the record for the biggest speared trout caught in the Nipigon River this season, having captured a fish weighing 15 pounds. This catch was above the average, but a large number of big trout have been taken from the Nipigon this season. Several specimens have been taken by the camp party. Dr. J. W. Cook, of Fort William, caught the world's record speared trout, which weighed fourteen and one-half pounds, and was more than two and a half feet long.

A record was established recently when one of the latest models of Canadian Pacific locomotives drew a train of 42 cars of merchandise, weighing more than 1,100 tons, from the point of the Abitibi, Pulp and Paper Company, North Bay, to Papez, with not much delay. Ordinarily, it would have taken two locomotives to haul such a load for the 220 miles. After proving its worth, by this feat the huge engine, together with an all steel train consisting of the latest model freight, dining and sleeping cars, and a baggage and compartment car, formed part of the Canadian Pacific exhibit at the National Exhibition at Toronto.

The Dominion of Canada has two thousand carpus buffalo, and they are to be slaughtered. The contract for the slaughtering has been given by order in council to A. S. Taylor, of Edmonton, who performed similar services for the government on a similar scale last year, when 250 head of buffalo were killed.

Winnipeg, Sept. 1.—Malik Kach and his wife, Ruthenau, were killed instantly by a bolt of lightning on their farm at Ridgeville, near Emerson, Manitoba.

San Francisco, Sept. 4.—Cable orders from Kobe, Japan, for 50,000,000 feet of lumber for use in the rebuilding of Yokohama, Tokyo, and other Japanese cities were received here.

"Save the Surface"

Sigona is a great idea, but why give to the expense of trying to save the surface by having one painted? Your house with a pre-painted that sometimes peels, the government cleaned, to determine just what it is. No more paint has ever been put on the market that equals pure white lead, zinc, turpentine with the proper amount of oil, that work in all climates with Canadian Standard white lead, which has the first coat 20% higher, or 10% cheaper in the long run, because of its lasting qualities.

There are strictly cash to all parties.

Ford

Do you desire a Ford Car or Truck?

If you have not the full cash price, would you like to have the use of the car while you are paying for it?

To those who desire to purchase a Ford Car or Truck and cannot completely pay for it at once, we are able to quote the following terms:

Down Payment consists of:—

For a Runabout (Non-Starter).....	\$ 238.00	Balance of \$ 29.75	in 12 equal payments
For a Runabout (Starter Equipped).....	\$ 272.80	" \$ 34.10	" " "
For a Touring Car (Non-Starter).....	\$ 250.40	" \$ 31.30	" " "
For a Touring Car (Starter Equipped).....	\$ 285.20	" \$ 33.65	" " "
For a Truck (Non-Starter).....	\$ 264.00	" \$ 33.00	" " "
For a Truck (Starter Equipped).....	\$ 300.00	" \$ 37.50	" " "
For a Coupe.....	\$ 367.20	" \$ 45.90	" " "
For a Sedan.....	\$ 407.20	" \$ 50.90	" " "

This deferred payment plan, the amount of the down payment and all the terms of the transaction have the approval of the Ford Motor Company of Canada, Limited, so that those who buy Ford products on deferred payments may have the protection of a standard deferred payment price throughout all of Canada in the same manner as those who buy Ford Products for full cash.

The low price is possible because the Traders Finance Corporation, Limited, who finance the transactions extend this financing opportunity only to Ford Dealers and only on Ford Cars.
